CA004: Require multi-factor authentication f...

What does this policy apply to?

Users and groups

Assignments

Users ⓘ

All users included and specific users excluded

2 Include Exclude

☐ None

☒ All users **3**

☐ Select users and groups

Cloud apps or actions ⓘ

All cloud apps

Conditions ⓘ

1 condition selected

Don't lock yourself out! This policy will affect all of your users. We recommend applying a policy to a small set of users first to verify it behaves as expected.

- Check the exclusions, If there are any entries here that don't have a ticket requesting the changes, then ask the POC if we can remove any unnecessary accounts from being excluded.

Control access based on who the policy will apply to, such as users and groups, workload identities, directory roles, or external guests.
